

Walla Walla Catholic Schools Annual Report 2011-2012

IN THE RICH SOIL OF TRADITION,
NEW GROWTH

In the rich soil of tradition, new growth.

The 2011-2012 school year was marked by tremendous growth with significant capital improvements, technology upgrades, and curriculum review and enhancement through the establishment of faculty and staff Professional Learning Communities. Through the generosity and efforts of many individuals, fundraising efforts were not only extremely successful financially, but also in developing a strong sense of community and commitment to our schools.

You will find in this report a number of staff members who have retired. While they were with us, they gave us their best and provided a strong commitment and positive presence at the WWCS. We owe a great deal of gratitude for all their efforts. As we express our thanks, we look forward to our newest staff members establishing the same level of dedication in moving the WWCS forward in the future.

Our immediate and long term vision for the WWCS is being finalized through the work of the WWCS Board of Directors' Strategic Plan. The Plan, which will be implemented during the 2012-2013 year, will embark WWCS on course to meet the future needs of the Catholic school community in Walla Walla. The workings of this plan will be referenced as part of the rich soil for future generations to grow at the WWCS. The focus of the Plan will include the following pillars:

- Provide a Catholic based education with an outstanding learning/growing environment.
- Provide a culture of excellence for both our academic and extra-curricular courses.
- Provide schools open to all who are committed to both our vision of education and support of our community.
- Position the WWCS to serve future generations.

Please know that all we do at the WWCS is only made possible by the efforts of all of you through your commitment, dedication, support, and generosity. By assisting with our school ministry, you have helped add to the rich and storied history of the WWCS. More importantly, you have provided opportunities for other students and families to experience and become a part of the Walla Walla Catholic Schools. For that we all are extremely grateful.

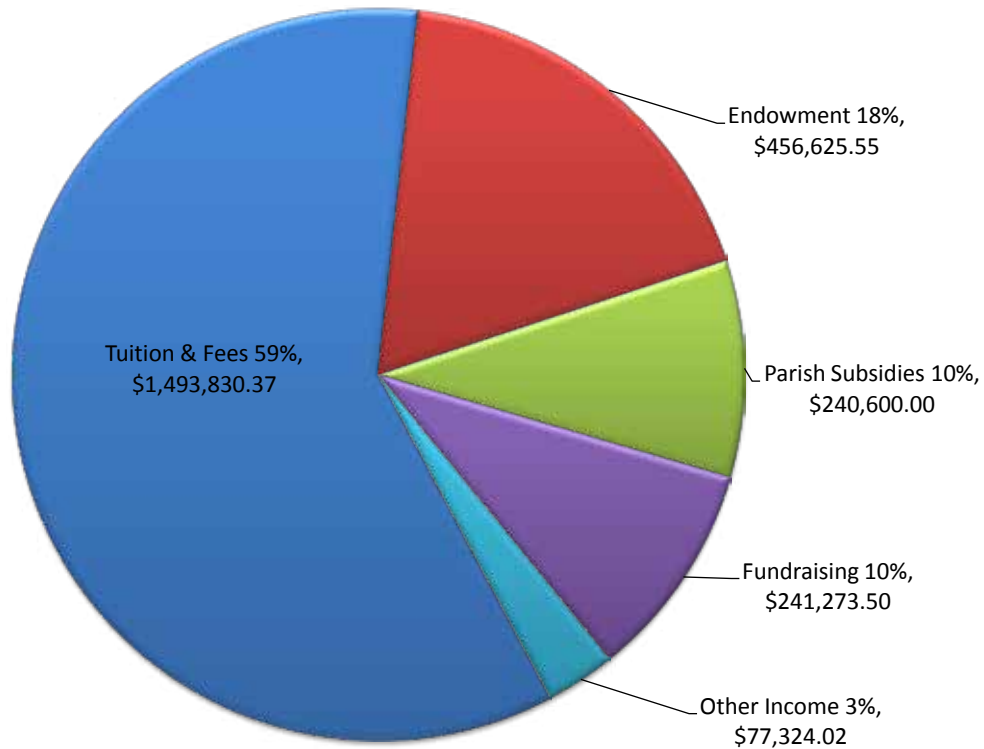

As we look toward the future, we will continue to acknowledge the importance of individual gifts and efforts which collectively lead to new growth for our school community and allow us to state with confidence the best days of the Walla Walla Catholic Schools are ahead of us. Please join me with your continued support as we grow our vision of ***Education for Life; Where Every Student is Needed and Every Student is Important.***

A handwritten signature in black ink that reads "John Lesko". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

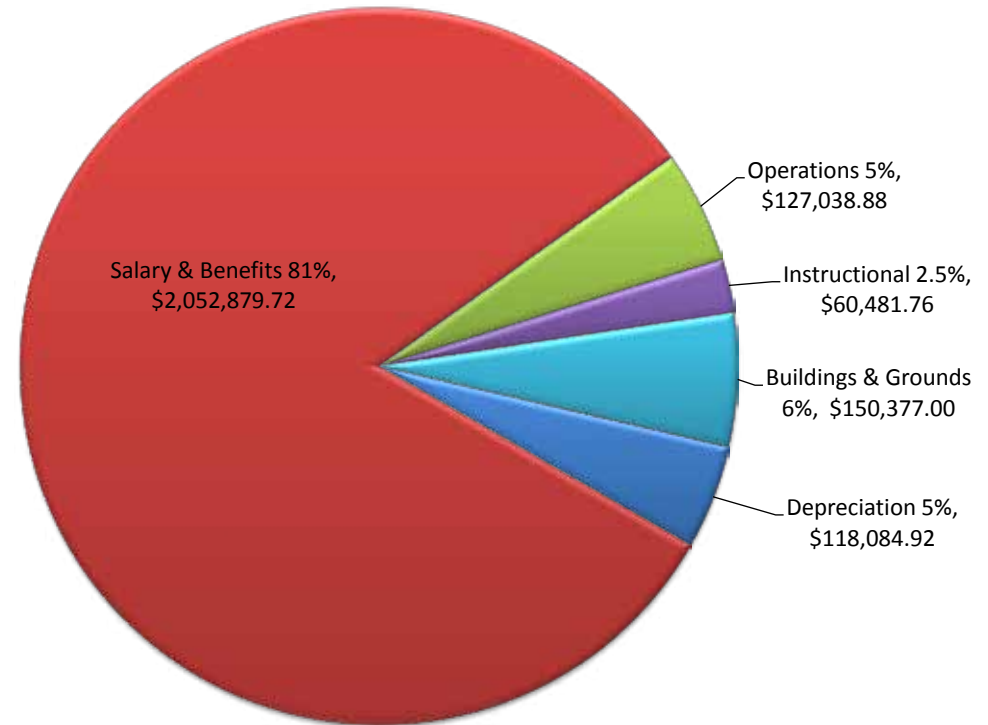

May God Bless All of You,
John Lesko, President and Principal
Walla Walla Catholic Schools

Fiscal Year 2011-2012

REVENUE \$2,509,653.44

EXPENDITURES \$2,508,862.28

Milestones and Achievements

For the past 11 years, **DeSales** has graduated **100% of our students**

Countless hours given to **community service projects**

Catholic High School graduates earn **18% more** than their peers because of our emphasis on math and science.

Science Camp is offered every **summer** to our elementary and middle school students

Both Assumption and DeSales offer an **after school study program**, supervised by staff and qualified volunteers, increasing our students' ability to succeed

More and **smaller classes** offered at the **Early Learning Center**

For the past 11 years, **98% of our seniors** go on to **higher education**

Tuition Assistance has increased by **31.9%**

Curriculum enhancements have been developed at the Early Learning Center

Online tools and tutorials allow our students to receive immediate feedback and additional help wherever and whenever they need it.

Spiritual retreats at all grade levels

With the success of the Capital Campaign we acquired a new **mobile computer lab** at **Assumption** and **upgraded the lab** at **DeSales**.

for the Year 2011-2012

Beth Call, Elementary School Teacher at Assumption:

“I was in the first class to attend all four years at DeSales, graduating in 1963. The Sisters of Providence and the priests were outstanding and inspiring teachers who made a huge impact on my life. I attended Seattle University for one year and graduated from the University of Washington in 1967 with a B.A. in English. I got my Washington State teaching certificate through Whitman College, later upgrading it with a fifth year at Eastern Washington University in 1982.

My mother taught speech, math, and Latin at DeSales. My children, Christopher and Madeleine, graduated from Assumption and DeSales. I began teaching at Assumption in 1980; most of my career was spent teaching fourth grade. I felt grateful to the priests and sisters who had provided me with a solid academic background, and more importantly, with strong spiritual values. I always wanted to pass on these gifts to future generations. I have especially enjoyed teaching the children of former students. I cannot imagine a more worthwhile career, and I look back at my thirty-two years of teaching at Assumption with gratitude.

Next year, my granddaughter, Claire, will begin her first year at Assumption as a 3rd grader.”

Cliff Olds, Spanish Teacher at Assumption and DeSales:

“In 1968 I graduated from Montana State with a B. S. in Education, majoring in German and minoring in Spanish. In 1993 I received my M.Ed. in Spanish from Western Washington University. In 1999, I spent a year teaching Spanish and English in Hamburg, Germany as a Fulbright Exchange teacher.

Some of my most pleasing moments at the WWCS were watching the expansion of the Spanish department. In 2011, my fourth year students took the AP Spanish test. One of them received a 5 and the majority received a 4. The students, faculty, and parents were always so very supportive and welcoming from my very first day at DeSales. Students and parents simply don't realize how much their actions and comments can inspire a teacher to work harder to make the classroom better. That was the case with me. The more good feedback I received, the harder I tried to reach a better level. In addition it has brought me great satisfaction in seeing others become inspired to major or minor in Spanish at the university level. And what could be better than to see one of my former students take over for me in my retirement.”

Mrs. Call and Mr. Olds, the WWCS are grateful for your many years of dedication and hard work.

Early Learning Center

ELC by Catherine Wolpert, Director: *Planting the Seeds*

At the Early Learning Center (ELC), we are busy planting seeds of greatness in little ways. This year we started a curriculum built around the basic but very necessary ideas of charity, patience, and good manners. The simple acts of thinking of others, waiting one's turn, and putting your napkin in your lap are small seeds that yield a big harvest.

This coming year the ELC will offer more classes of smaller size to create a more intimate environment. This will allow for more one on one attention and create an atmosphere that encourages growth and the sense of safety necessary for children to learn new concepts.

Our staff continually attend classes that keeps them abreast of the best in early childhood education, and their bilingual skills are an additional benefit to the children at the ELC. For our parents, we offer the flexibility of childcare that is full time, part time, and drop-in. Young children are so eager to learn and at the ELC we make sure that they are known and loved as they begin their journey here at the Walla Walla Catholic Schools.

Assumption Grade and Middle School

by Cara Hall, Eighth Grader: *Nurturing and Mentoring*

Cara Hall graduated from Assumption School this past May and will be attending DeSales this fall. Here are excerpts from her commencement address:

We will admit that we have been waiting for this day since we watched friends and family walk down the aisle to receive their promotional certificates. One thing we didn't expect was how hard it would be to say good-bye. Some of us have been going to Assumption since pre-school. Others have gone to other schools and decided to come home. Still others joined the party somewhere along the way. One thing is for certain; whether you came in pre-school or seventh grade this is a family. To quote a favorite movie of mine: "Ohana means family and family means nobody's left behind or forgotten." So to all you teachers who think we will go to high school and never come back, you are wrong. We will always remember you: the people who cared for us, who pushed us, who loved us! We remember each and every one of your little quirks. The funny stories you've told and the silly things you've done. Along with things about you, you've taught us about ourselves and about life.

One day this year someone described going to Assumption like riding a bike. The more I thought about that the truer it became. Miss M., Mrs. Hammond and Miss Shields were putting us on the tricycle and teaching us how to peddle. Mrs. Call and Miss Michels taught us how to ride with training wheels. Mrs. Montgomery and Mr. Spiess took those training wheels off one at a time. Mr. Gordon, Mrs. Brinson and Mrs. Michels held us steady as we learned to balance and, finally, Mrs. Sutlick pulled the "I am not going to let go, I'll be right here" and then she let's go. All along the way Mrs. Duncan and Mrs. Hermann were there to bandage any "owies" we got. Thank you to all of you for encouraging us and believing in us. So get ready DeSales because you get to teach us how to drive.

Assumption Grade School

DeSales High School

DeSales High School

by Christy Richard, English Teacher: *First Harvest*

Within our well established tradition of rigorous academic study, active faith, and community service, DeSales High School continually seeks to enhance and develop current practices. Through ongoing work in Professional Learning Communities, the faculty is engaged in developing courses and strategies to address and meet the cycle of change that students experience.

We begin our high school evaluation in the eighth grade, prior to a student's arrival at DeSales. Through the administration of the EXPLORE test and one on one counseling sessions with parents and student, we start to map out a student's high school course work for the coming years.

Each subsequent grade brings a new evaluation and adjustment to a student's schedule. All this work culminates in the taking of the ACT and SAT and preparation for college applications and a successful graduation.

Along the way we provide everything from access to online tools and real-time assessments, to an after school study table staffed by faculty and tutors from Whitman College, to supplemental English courses, and a growing catalog of new courses.

Ultimately, we survey the field before us and work to implement the most effective methods for success. These fields have continually produced tremendous yields, and we seek to develop practices that will not only continue this tradition but reap even greater harvests.

DeSales Athletics 2011-2012

by Greg Fazzari, Director

We had much to be thankful for in the win-loss column for the 2011-2012 sports season, but more importantly, we are pleased once again that every athletic team at DeSales qualified for the WIAA Academic Awards.

DeSales is a small school and with that we rely on all our students playing and participating not only on one team but sometimes two or three. In the beginning these students may not have the most natural talent for the sport they are playing, but in order to insure we can form a team they are willing to try their best and give their all. The act of participation makes a difference in all their lives and the results many times surpass the original goal of just being part of a team.

- Every athletic team at DeSales qualified for the WIAA Academic Awards.
- DeSales junior, Reilly Roach, was chosen as one of twelve state-wide representatives to the WIAA LEAP committee. This committee is composed of students and is designed to get student input on issues within the WIAA.
- Irish Football team made it to the top 16 in the state once again.
- Lady Irish Volleyball made it to the state tournament in Yakima, which put them in the top 16 in the state as well.
- Irish Football Team won the WIAA 2B Academic State Championship and received their award at the Tacoma Dome.
- Lady Irish Basketball won the D. A. Davidson Christmas Classic tournament, took number 1 in the league, and represented the Irish very well at the District 9 tournament.
- Irish Boys' Baseball won their fourteenth state title.
- Lady Irish Softball made it to the state tournament in Yakima once again, competing very well for an extremely young team.
- Irish Track performed as follows at the state track tournament: Nick Wales took first place in the 300 meter hurdles and Anthony Brown took fourth in the discus.
- Lady Irish Track showed success at the state tournament when Alison Wujek took second in the high jump, fifth in the long jump, and sixth in the 100 meter hurdles. Alison also set a new Irish school record in the high jump.
- Irish Boys' Golf team won the first state championship in the sport for DeSales. Junior Ryan Baumgart won his second individual state championship in a row, Bryce Scott took eighth place, and Jerod Konen took thirteenth place.
- Irish Girls' Golf had eighth grader Emily Baumgart win her first individual state championship.

Congratulations to all the athletes, their families, and the hard work done by the coaching staff of DeSales High School.

A Year in Sports

Capital Campaign

Reaches Its Goal

Dear Alumni, Parents, Friends, Faculty, Staff and Supporters of the Walla Walla Catholic Schools:

Over the past 148 years, the Walla Walla Catholic Schools have offered an exceptional education that provided the opportunity of a quality future for our students. From our Catholic Schools beginning in 1864, with the establishment of Saint Vincent Academy, and continuing through today at Assumption Early Learning Center, Elementary and Middle School and DeSales High School, the successful careers of so many students began here. In case after case, our Alumni have become society's leaders throughout the Pacific Northwest and beyond. The Walla Walla Catholic Schools is a place "Where Every Student is Needed and Every Student is Important". We believe that our schools' philosophy of educating the whole person, academically, spiritually, physically and socially has been the recipe for the extraordinary success of so many of our students.

Since tuition covers only 64% of the cost of each of our student's education, we must ask everyone to give generously to the annual fund.

Building upkeep and improvements, including the recently completed renovation of the DeSales gym, replacing

computer technology, new text books, updating other academic and mechanical equipment and a great deal of financial aid is not included in the school's budget. Consequently, we must also seek assistance to underwrite the cost of capital projects from time-to-time.

Traditionally, capital fund drives were conducted every five years; however, nine years had passed by the time "Momentum-Moving Catholic Education Forward", our current five year capital campaign, began in September, 2010. The active face-to face solicitation is now concluding. Over \$2.0 million, thus far has been contributed to our Catholic Schools and the Endowment Association, allowing the schools to continue to offer a superior education. The outpouring by so many supporters has been heartening. The generosity of donors in such an unpredictable economy and in such a short time has been nothing short of miraculous. On behalf of today's students, faculty, staff, school board members and the volunteer members of the "Momentum" Campaign Committee, we ask each and every contributor to accept our heartfelt thanks for giving back to one of God's important ministries some of what He has given you.

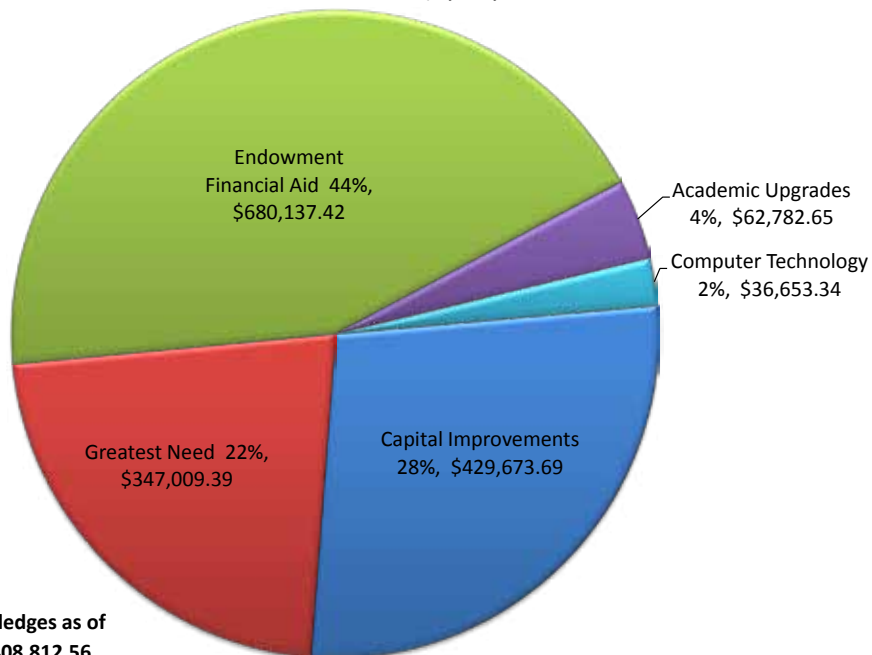

Thank you to all for your prayers on behalf of the continued success of our Catholic Schools and the "Momentum" campaign.

Sincerely yours,

A handwritten signature in black ink that reads "Christopher A. Grasso". The script is fluid and cursive, with a large initial 'C'.

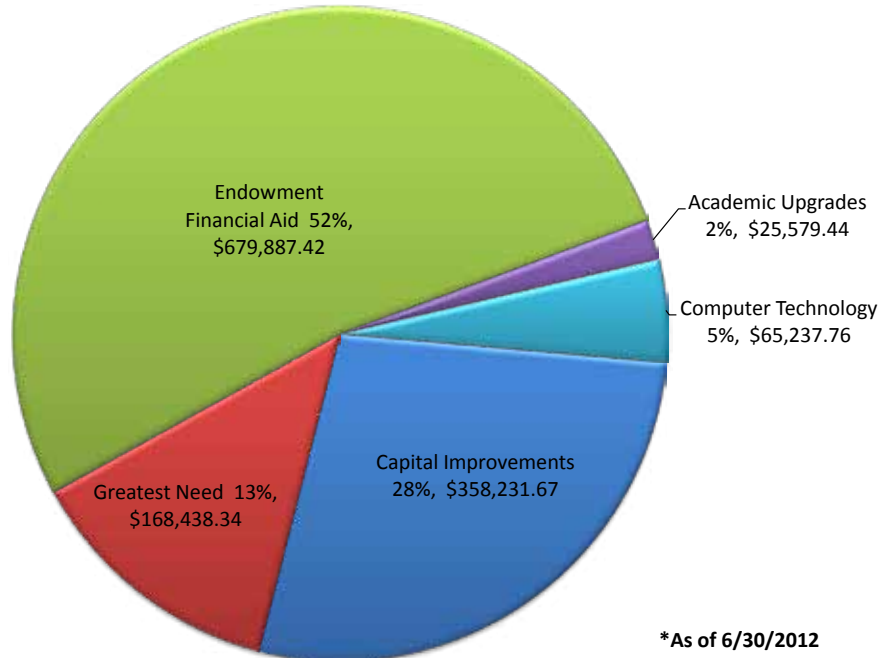

Christopher A. Grasso
Vice President for Advancement

"MOMENTUM" REVENUE - \$1,556,256.49

*Outstanding Pledges as of 6/30/2012 - \$408,812.56

"MOMENTUM" EXPENDITURES & DISTRIBUTIONS - \$1,297,374.63

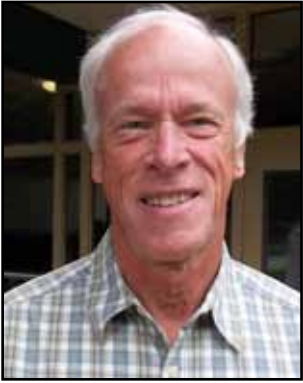

*As of 6/30/2012

- Mobile computer lab at Assumption
- Academic Summer Camps at Assumption
- Classroom carpet replacement at Assumption

- Upgraded computer labs at DeSales
- Textbooks for Assumption and DeSales
- Boiler repairs at DeSales

- Major gym renovation at DeSales
- Bathrooms renovated at Assumption
- Independent Living appliance upgrades at DeSales

Dear WWCS Community:

In the rich soil of tradition, new growth: this defines where the Walla Walla Catholic Schools (WWCS) have been and where we are going.

For nearly 150 years, the WWCS have been providing a quality Catholic education to the youth of Walla Walla. This would not be possible without the generous support of the community, the board of directors, the endowment board, and the many community volunteers. This past year has seen the transition from our past President of the WWCS, Dr. David Schmitz, to Mr. John Lesko. This has been a seamless transition with the WWCS continuing to build on its rich tradition by diligently planning for the future.

This past year areas of focus were to manage enrollment, balance the budget, insure financial stability, and a smooth transition to a new administration. I am pleased to report success in all areas. Enrollment is strong and the budget is balanced. The capital campaign has

been a success and the numerous people who worked so hard on this are to be congratulated. A special thanks to Mr. Chris Grasso. The ability to run a successful campaign in these difficult financial times is a testament to the quality of the WWCS and how the schools are valued by this entire community.

The board of directors and committee members have been very active in providing resources, both financial and volunteer time, in support of the schools continued growth and success. Without their support the new goals of the WWCS would not be achievable.

Thank you for your service,

Gordon Wicher
Head of the Board of Directors
